

Dr Kul Bhushan Bali

ENT · Head and neck · Skull base

CLINICIAN PROFILE

OTORHINOLARYNGOLOGY · HEAD AND NECK · SKULL BASE

Dr Kul Bhushan Bali

MBBS, MS (ENT), FACS · Fellowship, European Board of ORL-HNS

Deputy Medical Superintendent · Head of Department, Otorhinolaryngology

Families come for a blocked nose that will not clear, an ear that will not hear, sleep that stops in the night, or a lump in the neck. Dr Kul Bhushan Bali has more than thirty-six years in ENT, including consultant work in the UAE and Oman and fellowships in the United Kingdom, Canada and Germany. He now leads otorhinolaryngology at SMSIMSR.

Head of Department and Assistant Professor, ENT

Sri Madhusudan Sai Institute of Medical Sciences and Research

Sathya Sai Grama, Muddenahalli — 30 minutes from Bangalore International Airport

Hear. Breathe. Sleep. Speak.

He is Deputy Medical Superintendent and Head of ENT at SMSIMSR. The work is endoscopic sinus surgery, middle-ear reconstruction, sleep-apnoea operations, head and neck and skull-base surgery, and coblation or CO2 laser where they spare tissue. Thirty-six years of practice in India, Oman and the UAE sit behind the list.

What he sees patients for

International patients most often come for sinus disease that has not settled, hearing that has fallen away, sleep apnoea, or a neck or skull-base problem that needs a surgeon who has done the work in more than one country.

Ear and hearing	Middle-ear surgery and myringoplasty. Otology across a long international practice, including laser work for keloid of the ear
Nose and sinuses	Endoscopic sinus surgery. Rhinology and anterior skull-base work
Sleep and throat	Sleep-apnoea surgery using coblation and anchored sutures. Laryngology and voice
Head, neck and skull base	Head and neck surgery. Lateral and anterior skull-base procedures
Coblation and laser	CO2 laser and coblation techniques, including coblation-assisted release of oral submucous fibrosis

Why families can feel steady in his care

► A long international list

College of Medicine and Health Sciences, UAE, and Al Ain Hospital. Ministry of Health, Oman. Safdarjang Hospital and Dr Ram Manohar Lohia Hospital, New Delhi. Clinical fellowships in the United Kingdom, Canada and Germany.

► Recognised in the Gulf

Best Doctor Award, Ministry of Health, Oman. Best paper, Annual Conference of Otolaryngologists and Head & Neck Surgeons of Oman. Fellow of the American College of Surgeons. European Board fellowship in ORL-HNS.

► Workshops and papers

Workshops on sleep-apnoea surgery and advances in otology. Presentations from Paris, Dubai, Bangkok, Abu Dhabi, Ireland and Spain — sinus, sleep, ear reconstruction and unusual neck injury.

A short note on coming to clinic

Bring recent scans or hearing tests, a list of medicines, and a plain account of breathing, hearing, sleep and what you can no longer do. The first visit is an assessment and a written plan — not an automatic date for theatre. This note is to help you choose a surgeon. It is not a substitute for a consultation.
